Bump Up Rule – Effective 1/1/12 for all “REC” Divisions and lower. League champions will not be eligible for awards for the next consecutive season unless the team moves up to a higher division. League champions for two consecutive seasons are required to “rest” for the next consecutive season or move up to a higher division.

“REC” Division – Intended for teams with limited experience playing organized softball and a mix of beginners to average-skilled recreational players. The sole purpose of this league is to enjoy the recreational aspects of softball and to have fun. One home run per team per game allowed. Bump up rule enforced.

“D” Division – Intended for teams with experience playing organized softball and a mix of average-skilled to above average-skilled recreational players. Offensive and/or defensive skills will vary amongst players and/or teams. Three home runs per team per game allowed.

“C” Division – For teams mainly comprised of players who have played a higher level than organized recreational softball leagues. Six home runs per team per game allowed.

The Municipal Sports unit does not rate or evaluate teams. In certain circumstances, MSU has the right to re-classify teams as needed. Each team is expected to register for the division that best reflects their overall player skill level.
